THE BENEFITS OF A "PULL" WITH THE TIGER THIRTY-FIVE DELEGATES WITHDRAW FROM HAVE WIPED OUT THE OLD QUARREL

BETWEEN THE LIQUOR-DEALERS

AND THE THIEF.

The Bar Association of the City of New-York has denounced the nomination of Judge Maynard as a blot upon American politics. The New-York State Liquor Dealers' Association yesterday afternoon practically indorsed him.

The Executive Committee of the Liquor Dealers Association met yesterday afternoon in a small room over the liquor shop of Morris Tekulsky, the president of the association, at No. 113 Park Row. meeting, it was generally believed, was called for the purpose of deciding what action the association should take regarding the nomination of Judge Maynard. It is a rare thing for an organizaso completely in the power of Tammany as is the Liquor Dealers' Association to even murmur against the dictates of the bosses who control the decidedly small, and the experiences of such as to curb any desire to contend against its

It was generally believed, however, that the meeting was for the purpose of deciding whether Maynard, the arch-foe of liquor dealers, should receive the support of the members of the association. Th ominees of the Democratic party throughout the State were to receive the cordial and unanious approval of the association, but Maynard was a name that recalled an old fight in which Mayrd was defeated, principally by the liquor element, when he ran for Secretary of State about

While hating Maynard, the members felt that principle was one thing, and the privilege of being allowed to make money another. They realized that any opposition to Tammany would be fatal, and, although some unruly members tried to have the association place itself on record as being opposed to Maynard, and instructing its members to use all their powers to defeat his election, Morris Tekujsky, who will probably represent the liquor interests at the coming Constitutional Convention, quickly "squelched" any such attempts to bring the organization into disrepute with Tammany, Mr. Tekulsky, by the way, is in great favor at Tammany Hall, and it is probably that influence which has enabled him to so long retain the presidency of the liquor-dealers' association. While hating Maynard, the members felt that TEKULSKY SAYS THE OLD FIGHT IS OVER.

Previous to the meeting the members assembled Mr. Tekulsky was asked whether Maynard's nomination would come up for discussion. He admitted that it would, but said, "Whatever action take will be favorable to Maynard."
"But did not your organization oppose him when

ran for Secretary of State some ten years ago?"
"Yes, we did," frankly admitted Mr. Tekulsky; "but that fight is over now, and, while I don't suppose we will indorse him as a body, I think all the members as individuals will work for his

ction."
Doesn't the application of 'Once a fee always a ', hold good in this instance?"
No; we have had our fight with Maynard and defeated him. That is all over now and we going to work for him: that is, as individuals, edon't believe," said Mr. Tekulsky, in a burst cander, "that the judiciary should be interest with."

fered with."

Shortly after this conversation the meeting went into secret session, and after three hours took a recess. Mr. Tekulsky told the reporter, when asked what business had been transacted, that the reports of committees, "etc." had been heard. The "etc.," it would seem, played an important part.

THEY ADOPT SOME RESOLUTIONS

The following resolutions were passed at the second meeting, held in the evening. As a Tribune reporter was leaving the hall, after copying the solutions, he heard a member protest against the passage of the resolutions. "I don't think we ought to pass these resolutions," he said. "It only makes people believe we intended to 'rip Maynard up the back."

After these resolutions were passed all the other Democratic nominations throughout the State were heartily indorsed.

A GREAT RALLY TO-NIGHT.

THE MASS-MEETING AT COOPER UNION-TWO EN-TERTAINING REPUBLICAN SPEAKERS TO MAKE ADDRESSES.

The first great mass meeting of the campaign under the auspices of the Republican Club of this city will be held to-night at Cooper Union. Sereno E. Payne, of Auburn, and Charles Emory Smith, "The Philadelphia Press," a most interesting speaker, will address the meeting. Admission is free, and the public is invited.

The Republican Club has the habit fixed upon it of starting off local campaigns with a rush. It cannot shake off the tendency. Every preparation cannot shake off the tendency. Every preparation has been made to give voice emphatically to-night to the sentiment now rapidly growing in this city and 'State, regardless of party, for a change in some respects to State affairs. Every live Republican in this city can light the torch of his enthusiasm to-night at Cooper Union; and he will make a practical contribution to a righteous cause by taking with him some sluggish soul who is trembling on the verge of coming over to the support of Bartlett and his associates this year and needs only a little shaking up to accomplish the result.

John S. Smith, the hard-working president of the Republican Club, will preside. Decent men of all parties are especially invited to be present.

Apathy allows criminals to hold high offices. Don't be apathetic. Get out and show that you have an in-terest in the government of the State. Register today and you will do yourself and the State a service.

TAMMANY FALSEHOODS EXPOSED. Some of the Tammany Democrats in the NXIIId Assembly District have been guilty of outrageous misrepresentation concerning the nomination of Judson Lawson. These Tammany men have as-serted that the nomination of Mr. Lawson has sed a serious bolt in the Good Government Club. This is not true. Good Government Club B met in the Lyceum Hall in West Twenty-ninthst. last Saturday evening, and put Mr. Lawson in nomination. Mr. Lawson was nominated on the same evening by the regular Republican Convention of the XXIIId District. He is the recognized candidate both of the Republicans and of the members of the Good Government Club, which includes many influential and respected Democrats. Mr. Lawson is a strong candidate, and is entitled to the hearty and earnest support of all good citzens in the XXIIId Assembly District. Tammany has nominated one of the worst lots of heelers, strikers and rascals generally in its list of Assembly nominations in this city ever known here or anywhere eise. Every one of them ought to be beaten, and many of them would be beaten if the decent people of New-York fully realized what a worthless and contemptible gang most of these Assembly candidates on the Tammany ticket undoubtedly area. nomination. Mr. Lawson was nominated on the

A SPLIT IN A DEMOCRATIC MEETING.

THE WESTCHESTER COUNTY CONVEN-TION BECAUSE THEIR RIGHTS WERE DISREGARDED.

The Westchester County Democratic Convention, which met in St. John's Hall at White Plains yesterday, came to an abrupt end after the nomination of three candidates for Coroner. Thirty-five dissatisfied Democratic delegates left the hall in disgust, declaring that the principle permitting delegate to arise and name his choice of candidates had been disregarded by the ruling of the chairman and by the votes of a majority of the delegates from the Hudson River towns. The retiring delegates were not backward in expressing their condemnation of what they called "machine methods" in the convention, William J. The Republicans this year are aroused and confident, but they have that confidence which breeds activity instead of carelessness. The meeting at Cadiz this afternoon was a remarkable one even for this campaign, in which there are frequent surprises both in the size and enthusiasm of the meetings. Fully 6,500 persons gathered in a grove just outside of the town to hear the Governor. meetings. Fully 6.59 persons gathered in a grove whereas. It has been stated through the public press that the Wine, Beer and Liquor Dealers Association of the State of New-York were about to take an active part in the canvass for the election of a Judge of the Court of Appeals at the ensurance and the ensurance and the property of the sum iff. A sugar term of that was evidenced by the fact that when I moved in the House to do away with the tariff on sugar every Democrat voted against it. A revenue tariff is always paid by the consumer. A revenue tariff is a tariff put on a foreign product that has no production in the United States. Then the consumer pays it. When you put a tariff on things such are made at home for our own consumption, it protects the American workingman from foreign-made goods, and competition among ourselves fixes the price to the American consumer, and there has not been a thing made at home that has not been cheapened by competition under this tariff. Everything has been cheapened but men.

After speaking at Cadiz the Governor came to Dennison, where there was to have been an openair megting. The hall holds only about 1,400 persons, and an hour before the meeting it was jammed and 3,600 people were on the outside, therefore an overflow meeting was held, which the Governor addressed before going inside.

The Young Men's Republican Club of the IVth The Young Men's Republican Club of the IVth Assembly District of Jersey City, which swung the first Toffey banner to the breeze, held an enthu-slastic ratification meeting at the club-rooms, No. 41 Gregory-st., last night. Colonel Toffey's nomina-tion was heartly indersed. Speeches were made by Colonel Toffer, and Assembly men. Colonel Toffey, ex-Assemblyman James S. Erwin, Anthony J. Volk and others.

The Wanser Club, of Jersey City, will unfurl a handsome Toffey banner in front of its headquarters in Communipaw-ave, this evening, and will hold the first of a series of mass-meetings to-morrow night. Thirteen new members were enrolled last night, and ten the previous night.

Colonel Samuel D. Dickinson, one of the shrewdest politicians in Hudson County, and a member of the Republican County Committee, feels confident of Colonel Toffey's success in the coming election. "Jersey City will be pretty well protected against fraudulent voting," said he, yesterday. "It is in Hoboken and North Hudson that we will have to look out for frauds at the polis. In Hoboken, Mayor Fagan will aid us in securing an honest vote and a fair count, but in North Hudson we will have to depend almost entirely on the Republican election officers and Republican workers, and we will have to keep our eyes open if we expect a fair count up that way."

The Citizens' Reform Association of Jersey City has nominated ex-Coroner James Murrer as an independent candidate for Sheriff of Hudson County. Mr. Murrer is a prominent Democrat who was nominated for Coroner several years ago for the purpose of strengthening the ticket. Mr. Murrer filed his certificate of nomination yesterday. RAILROAD INTERESTS.

READING SECURITIES NOT TO BE SOLD. A TEMPORARY AGREEMENT WITH SPEYER & CO. -THE REPORT OF MR. LITTLE, THE EX-PERT, ONLY PARTIALLY COMPLETED.

The dread of the slaughter of the Philadelphia and Reading collateral held by Speyer & Co., to secure their loan of \$2,500,000 to the company, was lifted yesterday by last night. Boss Sheehan had selected a slate for Aidermen and Supervisors, and the entire Police Department seems to have been put into the service to carry out his mandates. In several wards the Democratic voters sought to resent the bossism of the Lieutenant-Governor. In one or two instances they succeeded, but the machine was generally successful. The scene in the Fourteenth Ward was most disgraceful. That in the IVth District is thus described:

"George Krupp was the Sheehan man up for momination. A great crowd of voters was out, and a double line a block long was formed. Several policemen and the captain of the precinct was profesent. There was also a patron who stood at the present. There was also a patron who stood at the fourt. The policemen who stood at the for Krupp.

The committees of Reading general mortgage and income bondholders met yesterday afternoon to receive the report of Stephen Little, the expert employed by them to examine the accounts of the company. The statement subsequently given out said: "Mr. Little has made a full examination into the affairs of the railroad company down to February 28, 1883, but he has not yet finished his work upon the books and papers of the Coal and Iron Company. He reported that the statement of the railroad company as to its earning power down to the end of the fiscal year of 182 was found to be correct, but that losses incurred by the operation of the Lehigh Valley lease and from other outside causes were not deducted from the income as reported."

Mr. Little will return to Philadelphia to-day to finish his examination.
